REDEFINING TRADITION FOR THE MODERN SNACKER

**SNACKHANA IS A MODERN, SNACK-FIRST
BRAND THAT REDEFINES TRADITIONAL
INDIAN FOODS INTO CLEAN,
CONVENIENT, AND FITNESS-ALIGNED
SNACKS FOR TODAY'S FAST-PACED
LIFESTYLES.**

Persona 1: Sonam

Flight Attendant | Aviation Industry

Lifestyle Insight

- Irregular schedules and frequent travel.
- Limited access to healthy food.

Pain Point

- Needs light, non-messy, portable snacks.

Biggest Challenge

- Finding a snack that can be consumed during short breaks without causing bloating or energy crashes

Why Snackhana Works for Sonam

Problem → Snackhana Solution

1. Bloating during flights

→ Roasted makhana is light and easy to digest.

2. Limited cabin space & messy food

→ Travel-friendly packaging; non-messy format.

3. Energy crashes & junk food availability

→ Guilt-free snacking during long shifts.

Persona 2: Nikhil

Lab Technician | Healthcare Industry

Lifestyle Insight

- Long working hours.
- Fitness-aware but budget conscious.

Pain Point

- Avoids artificial protein supplements.

Biggest Challenge

- Finding an affordable, natural, protein-rich snack that supports energy and fitness without artificial ingredients.

Why Snackhana Works for Nikhil

Need: Natural nutrition

Solution: Plant-based protein from makhana (natural vs supplements)

Need: Budget-friendly options

Solution: Affordable alternative to expensive protein bars

Need: Clean eating

Solution: Indian, clean-label alternative

THE GENERAL HEALTHY SNACKING LANDSCAPE

INSIGHT

THESE BRANDS OCCUPY THE GENERAL “HEALTHY” SPACE BUT OFTEN SKEW TOWARDS HEAVY PROCESSING OR WESTERN FORMATS LIKE PROTEIN BARS AND BAKED CHIPS.

THE COMMODITIZATION CHALLENGE

WHILE THESE PLAYERS EXIST IN THE MAKHANA VERTICAL, THE MARKET IS BECOMING CROWDED WITH GENERIC BRANDS FOCUSED ON INGREDIENTS RATHER THAN LIFESTYLE BRANDING.

FINDING THE WHITE SPACE

Market Gaps

- The Trade-off: Brands focus on taste OR fitness, rarely both.
- **The Ingredient Problem:** Heavy use of processed ingredients.
- The Branding Gap: Makhana often marketed as a commodity, not a lifestyle.

- **The Trade-off:** Brands focus on taste OR fitness, rarely both.

Snackhana Differentiation

- **Philosophy:** A 'Snack-first' brand, not just an 'Ingredient-first' brand.
- **Positioning:** Light, everyday snacking.
- **Identity:** An Indian superfood wrapped in modern, premium branding.

Philosophy: A 'Snack-first' brand, not just an 'Ingredient-first' brand.

DIGITAL SIGNALS: THE DEMAND IS REAL

Keyword Planning

The screenshot shows the Google Ads Keyword Planner interface. At the top, there's a browser tab bar with several tabs open, including 'My Sites | My Ac...', 'Wix Harmony Ed...', 'YouTube', and 'Keyword Planner'. The address bar shows the URL: `ads.google.com/aw/keywordplanner/home?ocid=8066912335&euid=6447681301&_u=1040229549&uscid=8066912335&_c=7340747415&authuser=0&subid=all-en-awhp-g-aw-c-t-kwp-si...`. The Google Ads header includes a search bar with the text "What are my top performing campaigns?" and navigation links for Ads Advisor, Appearance, Refresh, Help, and Notifications. A notification banner at the top states: "Enable 2-Step Verification on your Google account - Protect your Google account against password theft." with "Dismiss" and "Learn more" buttons.

The left sidebar contains a "Create" button and a "Campaigns" section with icons for Goals, Tools, Billing, and Admin. The "Tools" section is expanded, showing "Asset studio", "Planning", "Keyword Planner" (highlighted in blue), "Performance Planner", and "Reach Planner". Below this are "App advertising hub", "Shared library", "Creator partnerships" (marked BETA), "Content suitability", and "Data manager".

The main content area is titled "Keyword Planner" and features a "Discover new keywords" modal. The modal has two tabs: "Start with keywords" (selected) and "Start with a website". Under "Start with keywords", there's a prompt: "Enter products or services closely related to your business". A search box contains several keyword suggestions in blue buttons: "healthy snacks", "low calorie snacks", "healthy snacks india", "healthy snacks for office", "snacks for weight loss", "chips alternative healthy", "healthy evening snacks", and "fox nuts snacks". To the right of the suggestions, a note says: "Try not to be too specific or general. For example, 'meal delivery' is better than 'meals' for a food delivery business." with a "Learn more" link. Below the suggestions, there's a language and location selector showing "English (default)" and "India".

At the bottom of the modal, there's a section for "Start with a website" with a prompt: "Enter a site to filter unrelated keywords". A text box contains the URL `https://`. A note on the right says: "Using your site will filter out services, products, or brands that you don't offer".

Audience Creation

The screenshot displays the Google Ads Audience Manager interface. The top navigation bar includes the Google Ads logo, a search bar, and various utility icons like Ads Advisor, Appearance, Refresh, Help, and Notifications. The user's account information, including the phone number 353-623-6696 and email 27-ankit.kumar@fiib.edu.in, is visible in the top right corner.

The main content area is titled "Audience manager" and features a date range selector set to "Mar 5 - 25, 2026". Below this, there are tabs for "Your data segments", "Audiences" (which is selected), "Custom segments", "Combined segments", and "Your data insights".

The "Audiences" tab shows a table of audiences. The table has columns for "Audience name", "Added to", and "Policy status". There are three audiences listed, all with a "None" status and "Eligible" policy status.

Audience name	Added to	Policy status
Nikhil	None	Eligible
Rohan	None	Eligible
Sonam	None	Eligible

The bottom of the screen shows a Windows taskbar with the Start button, a search bar, and several application icons. The system tray on the right indicates the date and time as 15:16 on 25-03-2026.

Campaign Creation (with defined objectives)

- Campaign Type: Search Campaign
- Objective: Conversions (purchase-focused)
- Bidding Strategy: Conversion-based optimization
- Budget: ₹4,663/day (recommended for scalability)

The screenshot displays the Google Ads interface for creating a new campaign. The main section is titled 'Average daily budget' and prompts the user to 'Set your average daily budget for this campaign'. A dropdown menu shows four options: ₹5,596.22, ₹4,663.52 (Recommended), ₹3,730.93, and 'Set custom budget'. The recommended option is selected and highlighted. Below the dropdown, a table provides estimated performance metrics for the recommended budget:

Weekly clicks	Avg. CPC	Weekly cost
1,006	₹32.45	₹32,644.64

Below the table, a note explains: 'Recommended because of your campaign settings, such as bidding, targeting, keywords and ads, as well as the budgets of similar advertisers.' The right sidebar shows a 'Campaign optimization score' of 93% and 'Weekly estimates' based on the selected keywords and budget. The bottom status bar indicates 'Changes failed to save'.

Insight line:

“Campaign optimized to capture high-intent users actively searching for healthy snacks.”

Ad Copies and Extensions (10 copies)

This screenshot shows the Google Ads campaign editor interface. The top navigation bar includes 'Google Ads', 'New campaign', and various tool icons. The main content area is divided into several sections:

- Ad strength:** A circular progress indicator shows 'Average' strength.
- Headlines:** A section titled 'Headlines 11/15' with a tip: 'For optimal ad performance, include these keywords in your headlines'. Below this, a list of headlines is shown, including 'Healthy Snacking Made Easy - Switch to Better Snacking'.
- Display path:** A section titled 'Display path' showing the path 'makhivine.wixsite.com / healthy-snack / makhana'.

The bottom of the screen shows a Windows taskbar with the date '25-03-2026' and time '13:06'.

This screenshot shows the Google Ads campaign editor interface, similar to the first one but with different ad copy and extensions. The top navigation bar and 'Ad strength' section are identical.

- Headlines:** The 'Headlines 11/15' section shows a different set of headlines, including 'Discover light, crunchy makhana snacks made for healthy lifestyles. with Snackhana.' and 'Snackhana brings you guilt-free snacking without compromise.'
- Display path:** The 'Display path' section shows the same path 'makhivine.wixsite.com / healthy-snack / makhana'.
- Ad preview:** The mobile device preview shows the ad as it would appear on a smartphone with the new headlines.
- Ad group 1:** The sidebar on the right shows the same performance metrics: 'Weekly clicks 1,006', 'Avg. CPC ₹32.45', and 'Weekly cost ₹32,64...'.

The bottom of the screen shows a Windows taskbar with the date '25-03-2026' and time '13:06'.

This screenshot shows the Google Ads campaign editor interface, focusing on the 'Sitelinks' section. The top navigation bar and 'Ad strength' section are identical.

- Headlines:** The 'Headlines 11/15' section shows the same set of headlines as the previous screenshots.
- Display path:** The 'Display path' section shows the same path 'makhivine.wixsite.com / healthy-snack / makhana'.
- Ad preview:** The mobile device preview shows the ad as it would appear on a smartphone.
- Sitelinks:** A section titled 'Sitelinks' with the instruction 'Add links to your ads to take people to specific pages on your website.' Below this, a list of sitelinks is shown, including 'About Us', 'Contact Us', 'Healthy Blogs', and 'Shop Now'.
- Ad group 1:** The sidebar on the right shows the same performance metrics: 'Weekly clicks 1,006', 'Avg. CPC ₹32.45', and 'Weekly cost ₹32,64...'.

The bottom of the screen shows a Windows taskbar with the date '25-03-2026' and time '13:06'.

Meta Ads Campaign Objectives

The screenshot displays the Meta Ads Manager interface in a web browser. The browser's address bar shows the URL: `adsmanager.facebook.com/adsmanager/manage/campaigns/edit/standalone?act=1587318992562579&business_id=3325344150959854&nav_entry_point=mbs_side_nav_ba...`. The interface is divided into several sections:

- Left Sidebar:** Contains navigation icons for various Meta Business Suite features.
- Top Navigation:** Shows the current campaign path: `Snackhana_Meta_Traffic_Campaign Campaign > 1 Ad set > 1 ad`. It also includes a status indicator `In draft` and buttons for `Edit` and `Review`.
- Campaign details:**
 - Buying type:** Set to `Auction`.
 - Campaign objective:** The `Traffic` objective is selected, indicated by a blue circle and a mouse cursor icon. Other options include `Awareness`, `Engagement`, and `Leads`.
- Campaign score:** A score of `71` is displayed with the message: `Your campaign has room to improve.`
- Recommendation:** A box suggests: `You could get 11% higher clickthrough rate by adding AI-generated images for 1 ad`. It includes a `+ 3 points` indicator and a `View in ad` button. Below this, a `Show more (2)` link and a `+ 26 points` indicator are visible.
- Bottom Bar:** Features a `Close` button, a confirmation message `✓ All edits saved`, and a `Next` button.

The Windows taskbar at the bottom shows the system clock as `20:15` on `25-03-2026`, along with weather information (`29°C Mostly cloudy`) and various application icons.

The flowchart illustrates a user's journey through a website. It begins with a decision point: "What does the user want?". If the user chooses to "Browse", they proceed to "Browse Products". If they choose "Help", they go to "Need Help". From "Browse Products", a "Send" action leads to "No response in 24h Follow-up message". From "Need Help", a "Reply" action also leads to "No response in 24h Follow-up message". This message box then leads to a "Conversion" state via a "Convert" action. Below this, a separate sequence shows a user who "Day 2 — Browse Abandonment", followed by a "Delay 3 Days", then "Day 5 — Cart Abandonment", followed by a "Delay 2 Days", then "Day 7 — Re-engagement Email", which finally leads to "Conversion / Purchase" via a "Purchase" action.
